Humiliation in International Relations

In international relations (IR), some states often deny the legal status of others, stigmatising their practices or even their culture. Such acts of deliberate humiliation at the diplomatic level are common occurrences in modern diplomacy. In the period following the breakup of the famous 'Concert of Europe', many kinds of club-based diplomacy have been tried, all falling short of anything like inclusive multilateralism. Examples of this effort include the G7, G8, G20 and even the P5. Such 'contact groups' are put forward as if they were actual ruling institutions, endowed with the power to exclude and marginalise. Today, the effect of such acts of humiliation is to reveal the international system's limits and its lack of diplomatic effectiveness. The use of humiliation as a regular diplomatic action steadily erodes the power of the international system. These actions appear to be the result of a botched mixture of a colonial past, a failed decolonisation, a mistaken vision of globalisation and a very dangerous post-bipolar reconstruction. Although this book primarily takes a social psychology approach to IR, it also mobilizes the resources of the French sociological tradition, mainly inspired by Emile Durkheim. It is translated from *Le temps des humiliés. Pathologie des relations internationales* (Paris, Odile Jacob, 2014).

Death Waits in the Dark

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Eliza Knight's bestselling Scottish historical romance series, The Stolen Bride Series, is back with another amazing tale of adventure, passion and love! Ceana Montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood. But now Robert the Bruce has ordered her to marry a stranger, securing a strong alliance and ending a decades-old feud. Already used as a pawn once in marriage, she is devastated that she will once more have to give up her happiness in order to please the edicts of men. And while the braw warrior standing before her might incite feelings inside her she thought long since buried, desire is a far cry from love. The rivalry between Brochan Lamont and his twin brother, John, began in the womb, and only grew worse from there. They were pitted against each other in childhood, and their father left them with a legacy that was a race to the finish—whoever has an heir first inherits the lands. The only problem is that Brochan has given his loyalty to the Scots, and his brother to the English. In order to keep the lands and ships under Scottish control, Robert the Bruce demands Brochan marry to break the iron-clad will. His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire. Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance? Maybe Fate knew all along just who was meant for who...

This book is intended for use in a traditional college- level data structures course (commonly known as CS2). This book assumes that students have learned the basic syntax of Python and been exposed to the use of existing classes. Most traditional CS1 courses that use Python will have covered all the necessary topics, and some may have covered a few of the topics covered in this book. We have found that most students successfully completing a CS1 course know how to use classes, but many of them need more experience to learn how to design and write their own classes. We address this issue by including a number of examples of class design in the first few chapters of this book.

I already knew they owned this city. Now I'll find out if they also own their son.

Everything You'll Ever Need You Can Find Within Yourself

To love a Dark One is to invite death... It is wrong to love her. It is worse to want her. It is sin to consume her. I desire all three. I've been given thirty days to prove my love to another immortal--as a human. Cursed to use nothing but the side of myself I've always despised to win her affection. I am Cassius, the King of the

immortals, A Dark One. And today I tasted fear for the first time. How can I win her when my human emotions overtake every ounce of logic I possess? A darkness is brewing. One I cannot stop as a human. One that Stephanie, my love's visions, have shown will be my end. Thirty days ago I was King of the immortals. Today I know fear. Today I know how I will die. By her hand. The woman I love.

Man in Love

Caterer River Holloway cooks like a dream and is known on Shell Island as a \"finder\" of things. Which is why a desperate mother begs River to track down her grown son, Chili Bolz, who's vanished. Deputy Lance Hamlyn can't find the missing man, so he teams up with River. The missing person case boils over into something frightening when Chili's mother falls victim to a brutal assault. Worse, her dying words incriminate River's friends in both kidnapping and, now, murder. River soon finds herself caught in an unsavory recipe for disaster. Despite catering events and the return of her absentee boyfriend, River finds the number of suspects growing longer than her food shopping list. Along the way she befriends a black cat who becomes her crime-solving partner. River must locate Chili and discover who killed his mother before her own goose is quite literally cooked.
